

Moment of Truth

Moment of Truth's Approach

Park for Worst Case Scenario. Cross river and head up large side canyon. The Accordion V4 will be a large boulder on your right. Moment of Truth sits in a cluster of boulders that the creek runs right through. You usually have to climb up and over a boulder to get to Moment of Truth as it sits in a hole.

Moment of Truth's Topo

Moment of Truth's Problems

1. The Accordion V4

Pretty tall face (that got taller after floods washed the ground away) on the right side of creek. Stand start on top of small boulder.

Height

2. Moment of Truth V10

Start on obvious low jug. Climb up to slopy mantle.

3. Rubadubdub V5

Crux mantle. Start lower to taste
